The All-Nighter Diner first opened its doors in 1957, during a period where great food cost much less. We, still think that great food shouldn't break your wallet – which ends up breaking your appetite too. Good meat, un-tainted by ADM genetically enhanced corn, is the way to go. All our cows are fed by grass and whatever they can scrounge from the earth. Nope! No meat steroids here! It's just good eatin'.
